

Learning, Teaching, Training Activity in Brussels, Belgium

September 2022 FEUZ

The FINMAN Learning, Teaching and Training activity took place in Brussels in June. All participants were warmly welcomed by the Coopération Bancaire pour l'Europe-partner. During 3 intense days, the contents of the 8 training modules were presented and discussed by the partners. All participants took an active part in the training and made suggestions to homogenise the contents and to make the learning more attractive. Practical activities were carried out and the Trainers' Guide was presented to be used with learners. Finally, the partners were delighted with the update on the progress made in the Augmented Reality online game, in which they had been intensively working.
