

## OUR GOAL

Our goal is to provide **financial education to the most disadvantaged people**, who need this knowledge the most, before making major financial decisions and support them in order to take the more suitable for each one individually. Senior citizens, youngsters, unemployed and NEET people are specific groups to be reached.

For that reason, we intend to develop **learning content, assessment tools and a trainer's guide** based on the identified knowledge gaps and skills needed.

Moreover, all the material has the potential to reach even more people not only during the project but also outside of it, since it can be used for further initiatives, as well.

## About Us

FINMAN (Personal Finance Management Program) is an Erasmus+ KA2 Adult Education project with an overall duration of 24 months.

The team is composed by:

- Ruse Chamber of Commerce and Industry, Bulgaria (<https://www.rcci.bg/>)

## What has been done so far

The Finman Learning Teaching Training Activity (LTTA) was held in Brussels from 31st May until 2nd June.

The partners tested and evaluated the contents of the Finman Learning Modules and are now working on loading the Modules onto the Finman Training Platform!

The LTTA concluded with the discussion about the Development of the E-learning environment, the next steps, the upcoming Pilot testing and FINMAN blueprint creation.

We want to thank the hosting partner *Coopération Bancaire pour l'Europe* for organising the LTTA, as well as the participants; Atlantis Engineering SA, Emphasys Centre, Ruse Chamber of Commerce and Industry / ПТИК, UPI - Ijudska univerza Žalec, FEUZ, Eurocrea Merchant and IDEC S.A. for their presence and their contribution to this event.

## Next Steps

In the following weeks our interactive Training Platform will be accessible by the public to test their knowledge on finance and investment!

Stay tuned on
